cutting edge science personalized for today s students as a well respected researcher laurence steinberg connects current research with real world application helping students see the similarities and differences in adolescent development across different social economic and cultural backgrounds through an integrated personalized digital learning program students gain the insight they need to study smarter stay focused and improve their performance

this is the definitive reference and text for both mental health and legal professionals the authors offer a uniquely comprehensive discussion of the legal and clinical contexts of forensic assessment along with best practice guidelines for participating effectively and ethically in a wide range of criminal and civil proceedings presented are findings instruments and procedures related to criminal and civil competencies civil commitment sentencing personal injury claims antidiscrimination laws child custody juvenile justice and more

please note this is a companion version not the original book sample book insights 1 we must reassess how we are raising our young people because we ve learned a lot about adolescence as a stage of development since the 1990s adolescence is now a much longer period and children are entering it earlier than ever 2 the adolescent brain is highly plastic which means it can change and develop based on the environment it is in this is both good and bad news if we provide our adolescents with positive supportive environments they will flourish but if the environments are toxic they will suffer in powerful and enduring ways 3 the brain is highly plastic during adolescence and this period of growth is more sensitive to experience than any other in our lives the brain s malleability allows change for the better but it also allows change for the worse 4 american adolescents are not doing well there have been no gains in scores on standardized tests of high school achievement since the 1970s and american adolescents continue to underperform teens from many industrialized countries that spend less on schooling

smoking is a hot button subject especially when movies t v and online shows ads and celebrities are shown partaking in long dramatic drags from cigarettes and other smoking devices while you need to be 18 years old to smoke legally in the u s when lead characters of a younger are seen smoking the double messages abound this volume carefully explores real and perceived teen rights related to tobacco and smoking readers will learn whether or not smoking is a right for teens and examine the question of whether or not tobacco companies are targeting teens they will also evaluate the impact of tobacco advertising on their age group
